Patient: Candace N.
Design Consultant

"I'm spoiled by quality dental treatment. I married a dentist. He's retired, but I expect only the best for my dental needs. When I found Dr. Higham, I hit the dental lottery! She handles all my dental work AND she's a true artist with veneers! (And I've seen those fake, teathy smiles, so I was very nervous.) In two short visits not only did I renew my smile, but my self confidence as well. The added bonus - I look years younger!"
